

Empowering communities in the restoration and conservation of Blue Carbon Ecosystems

Session 9: Finance session

Australian Government
Department of Climate Change, Energy,
the Environment and Water

OUR MISSION

We rebuild
tropical
fisheries with
coastal
communities

blue ventures
beyond conservation

Barriers

- Unclear and insecure tenure and carbon right;
- Inequitable benefits sharing;
- Misalignment between small-scale blue carbon project and national REDD+ frameworks

Lalao Aigrette

National Technical Advisor for Mangrove and Blue Carbon

Madagascar

Thank you for your attention
